It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow citizens. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great ma-

copious index, which to every practicing lawyer in the tate is itself worth the money which the volume costs, The volume under review contains another excellence tilits pages are supplied with valuable marginal indices, eader of the contents of the page. Another matter of great importance to the lawyer in this volume is a good collection of the subjects of all leg-

our legislation on any given subject had first to find what was relevant to it in the Revision of 1852, and then to turn over the pages of the volumes of subsequent Statutes, to see how far recent legislation may have repealed or mod fied the provisions contained in that Revision, and even then he would often feel doubt whether he had found all the legislation on the subject of his inquiry. Messrs. Gavin and Hord have relieved us of all this trouble and doubt. They have collected together in consecutive pages all the statutes made since 1851, on the same subject. Thus, on pages 373 to 377 of their first volume they have collected all our legislation, now in force, on the subject o husband and wife, including the act of 1852 and three actof 1857. And they have followed the same mode or coocation, in appropriate consecutive pages, in regard to all

other torics of legislation. A still more valuable feature are the copious and accurate notes centained in the volume in question. This volume includes the Constitution of the United States, the own statutes now in force. The numerous decisions of the Courts on the various provisions contained in these Constis-tutions and statutes are found at the bottom of the appropriate pages, in the form of neat, brief and accurate noteformed this part of their work exceedingly well. It must have cost them much care and labor. By it they have greatly lessened the labor of the practising lawyer, and have well merited his grateful approval.

Wood, Dear Sir—In the latter part of the year 1852, while attending to the State and National Law School of the State of New York, my hair, from a cause unknown to me, commenced falling off very rapidly, so that in the short space of six months, the whole upper part of my scalp was entirely bereft of its covering, and much of the remaining portion upon the side and back part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indiana, my more casual acquaintances were not so much at a loss to discover the cause of the

change in my appearance, as my more intimate acquaint-ances to recognize me at all. GOOD FOR CONSUMPTIVES. I at once made application to the most skillful phy-sicians in the country, but receiving no assurances from them that my hair could again be restored, I was forced to become reconciled to my fate, until fortunately in the latter part of the year 1857, your restorative was recom-mended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bottle, and found to 'ALDING'S THROAT CONFECTIONS my great satisfaction that it was producing the desired effect. Since that time I have used seven dollars' worth of your Restorative, and as a result, have a rich coat of yery soft black hair, which no money can buy.

As a mark of my gratitude for your labor and skill in the production of so wonderful an article, I have recommended its use to many of my friends and acquaintances, who, I am happy to inform you, are using it with like effect. Very respectfully.

A. M. LATTA,

Attorney and Counselor at Law OAE GROVE, S. C., June 24, 1859 Prof. O. J. Wood: Dear Sir-Your Hair Restorative is rapidly gaining popularity in this community. I have had occasion to lay prejudice aside, and give your Hair Restorative a perfect test. During the year 1854, I was so unfortunate as to be thrown from my sulky against a rock near the road side, from which my head received a most terrible blow, causing a great deal of irritation, which communicated to the brain and external surface of the head, from the effect of which my hair was finally destroyed over the entire sur-face of the head. From the time I first discovered its

dropping, however, up to the time of its total disappear-ance, I employed everything I could think of, being a pro-fessional man myself; and, as I thought understanding the nature of the disease, but was finally defeated in every prescription advanced. These and no other circumstances induced me to resort to your worthy Hair Restorative, which I have every reason to belive produced a very happy result; two months after the first application, I had as beautiful a head of

young hair as I ever saw, for which I certainly owe you my most sincere thanks. Rest assured, dear sir, I shall recommend your remedy to all inquirers; moreover, I shall use my influence, which I flatter myself to say, is not

Yours, very respectfully. M. J. WRIGHT, M. D. Office of the Jeffersonian, Phillippi, Va., Dec. 12, '58. Dear Sir.—I feel it my duty as well as my pleasure, to state to you the following circumstances, which you can use as you think proper. A gentleman of this place, (a lawyer,) has been bald ever since his early youth, so much so that he was compelled to wear a wig. He was induced to use a bottle of your "Hair Restorative," which he liked very much; and after using some two or three bottles his hair grew out quite luxuriantly, and he now has a bandsome head of hair. The gentleman's name is Bradford, and he is very well known in our ad-I advise every one who has a Cough or a Husky Voice this statement; I give it to you at the request of Bradford. and the adjoining counties if you have the proper agents.

Yours, &c., THOMPSON SURGHNOR.

Prof. O. J. Woon—Dear Sir: I take pleasure in recom-mending your Hair Restorative as a most excellent cure for scald head. My son was suffering very much from this

disease, and after using one bottle, was made perfectly well. I recommended it to others who had diseases of the head, and in all cases it had the desired effect. You can recommend it without fear as a most certain cure for scald head. Many others will certify that this and many other cases was cured from the use of your most valuable Hair Respectfully yours, GEORGE MCSUAIN. Restorative. The New York Day Book says: "The majority of Hair Washes, Hair Dyes, Hair Tonica Hair Oils, and the numberless preparations which are now before the public under such extravagant, hyperbolical and fantastic titles as we see paraded in show window cards and newspaper headings, as hair preparations, are all humbugs of the first water; their real merit, when they possess any, is, that they do no harm. HOG'S LARD, WHALE OIL, LARD OIL, SWEET OIL, scented and colored, make up, when in beautiful wrappers and white flipt glass bottles, the costliest character of tonics: and when thus costly are baptized with some trisyllable term, and caught at by verdant young and old of both sexes. Such is not the character of Prof. Wood's Hair Restorative. This gentlemen comes before the world with-out any "highfalutin" Xilophiloforium, or any other as-tounding or startling catchpenny terms; he simply ad-vertises a Hair Restorative—what it expresses, pre-cisely—and as a Restorative it acts. Buy Prof. Wood's

Hair Restorative; and, as you value your scalp, aye, your very brains, apply nothing else; for it may be that you will get some worse substance than perfumed lard oil on your cranium. Remember, Wood's Restorative for the hair is the best article extant." IT WILL, BY NATURE'S OWN PROCESS
